

Chioggia is extremely happy to welcome the Italian Gold Wing Club Italy Treffen for 2010. Not only for the obvious reason of the promotion of the city, but also because this rally means that we are welcoming an international group which is quite well mannered and well traveled.

But there is more:

Chioggia is searching for an unbreakable rapport with a sport which has conviction and culture that will promote not only tourism but quality tourism. The sport, the passion, the pride, of riding equals the concept of purity like Filippo Tommaso Marinetti said....the speed is purity frankness and precedence over the slowness that tends to risk deception..

But the speed is also discipline for without discipline when you ride a motorcycle, especially when you ride a prestigious motorcycle. There are other dangers of the road that come from he who has courage only because he feels the fear, .the danger. To not feel the fear, the danger, the difficulties is not courageous but simply unconscious.

Welcome to this XXVII Treffen, Welcome to all, Welcome to Chioggia the city to be discovered, the city who is a friend to motorcyclists.

Finally, a heartfelt thank you to all the organizers.

Town councillor of Chioggia
